Practice with isotopes

| Isotope | Number of protons | Number <br> of neutrons | Naturally occurring ? | How many atoms of this isotope would you expect to find in one million natural atoms of this element? |
| :---: | :---: | :---: | :---: | :---: |
| Hydrogen -1 |  |  |  |  |
| Hydrogen - 3 |  |  |  |  |
| Helium - 3 |  |  |  |  |
| Lithium - 7 |  |  |  |  |
| Carbon-12 |  |  |  |  |
| Oxygen - 16 |  |  |  |  |
| Chlorine - 36 |  |  |  |  |
| Chlorine - 37 |  |  |  |  |
| Uranium - 238 |  |  |  |  |
| Americium - 249 |  |  |  |  |
